Who should Exhibit at Airport Show?

Airfield Construction and Installations	Airport Build and Installations	Airport Operations
■ Airfield lighting systems	■ Acoustics and sound	■ Aircraft management and related services
■ Environmental control(e.g. noise/flight monitoring)	■ Baggage handling systems	■ Airport maintenance
■ Hangar design and construction	■ Cargo handling systems	■ Airport revenue management
■ Marking and signage	■ Construction industry supplier	■ Property management
■ Pavement design and servicing	■ Consultancies	■ Terminal maintenance
■ Planning, consultancy and construction	■ Design consultancy	■ Training and recruitment
■ Technical installations (e.g. fuel farm technology, cabling)	■ Fabrics, textures and other materials	■ Waste management
	■ Floor and wall finishing	
	■ Illumination, lighting and sun protection	
	■ Parking equipment and services	
	■ Passenger guidance systems	
	■ Passenger handling (Build and Installation)	
	■ Passenger information technology	
	■ Promotional displays	
	■ Seating, lounges and other furniture	
	■ Shop furnishings and catering areas	
	■ Smoking areas	
	■ Technical infrastructure	
	■ Technical installation in buildings	
	■ Terminal signage (e.g. passenger areas and gates)	
	■ Washroom and accessories	

Who should Exhibit at Airport Show?

Ground Support Equipment and Services

- Aircraft docking
- Aircraft handling
- Aircraft maintenance
- Airfield service equipment
- Baggage handling
- Cargo handling
- Consumables and fluids
- Other ground handling equipment
- Passenger handling (Ground Support)

Airport Technology and IT

- Baggage management and tracking
- Cargo management
- Communication systems
- Crash, fire, rescue technology (Technology & IT)
- Data processing hardware
- Internet services
- Passenger management
- Traffic and operations management

Passenger Experience

- Smart & interactive display solutions
- Flight information systems
- Mobile applications
- Internet services
- Beacon technologies
- Smoking areas
- Activity areas, gyms & playgrounds
- Leisure & entertainment
- Airport Furniture
- Architects
- Design Consultancies/Firms
- Airport Lounges
- Duty free
- Smart baggage handling
- Sleeping pods
- Automatic Vending Machines
- Customer Feedback Devices
- Queue/crowd management
- Smart trolleys
- Driverless buggy carts
- Self-service counters (check in, bag drop, wrapping)
- Smart solutions for people with disabilities
- Passenger guidance systems
- Smart gates

- Smart surveillance systems
- Access control
- Passenger Handling
- Cybersecurity
- Robots
- Intelligent baggage handling systems
- ICT technologies
- System integration
- Business intelligence
- Central monitoring systems
- Driverless terminal vehicles
- Driverless ramp equipment
