EXHIBITOR ACTIVITY

We came to Dubai Airport Show as we know that this area is very high on new technologies. The show itself has far exceeded our expectations. I had meetings and have scheduled follow up meetings with contacts from as far as the Netherlands and India and with at least six airports from this region. It has been a tremendous show for us and we are so happy that we can be a part of the Dubai Airport Show.

Vince Howie

What is Sustainable Apron?

Airport Show, in partnership with dnata, presents the Sustainable Apron.

Airport Show, in partnership with dnata, featured the Sustainable Apron, a display zone for leading electric/hybrid Ground Support Equipment (GSE) and Ground handling Equipment (GHE) manufacturers. A step that promotes the sharp focus on sustainability to help the airport community in achieving a more sustainable airport industry that is aiming to reduce carbon footprint year on year.

“

We are thrilled to contribute to Airport Show's 'Sustainable Apron' by showcasing our latest initiatives. In recent years, we've significantly invested in green infrastructure and equipment globally, demonstrating our commitment to environmental stewardship. We look forward to sharing our insights and plans with our partners to further improve environmental efficiency across the industry.

“

The Global Airport Leaders Forum provided a platform for thought-provoking conversations and fruitful networking opportunities. I appreciated the engaging atmosphere and the chance to connect with like-minded individuals who are passionate about shaping the future of airports and travel. Being part of the panel allowed me to showcase my expertise, share best practices, and contribute to the collective goal of improving airport operations and enhancing the passenger journey. It was a fulfilling experience to be able to influence and contribute to the ongoing evolution of the aviation industry.

“

It was an extraordinary event that left a lasting impact on me both personally and professionally. The Airport Show and Women in Aviation 10th Anniversary celebration served as a catalyst for change, inspiring me to continue advocating for gender equality and empowering individuals to pursue their dreams in aviation. I am committed to being an active participant in transforming the industry into a more inclusive and diverse space.
