THE FUTURE OF AIRPORT INNOVATION STARTS HERE

Returning for its 24th edition from 6–8 May 2025 at Sheikh Saeed Halls 1–2, Dubai World Trade Centre, Airport Show is once again held under the esteemed patronage of **H.H. Sheikh Ahmed bin Saeed Al Maktoum**, President of the Dubai Civil Aviation Authority, Chairman of Dubai Airports, and Chairman and Chief Executive of Emirates Airline and Group.

As regional airports gear up to meet the demands of growing passenger traffic, Airport Show remains the definitive B2B platform for the region's airport community to connect, collaborate, and co-create the future of aviation infrastructure and services. This year's edition will host 120+ leading exhibitors from over 20 countries, featuring national pavilions from Germany and Italy, showcasing the latest in airport technology, sustainability, and passenger-centric innovations.

With a sharp focus on sustainable development and operational excellence, the show continues to draw participation from 6,000+ aviation professionals and 150+ airport buyers from 30+ countries, creating unmatched opportunities for high-level networking and commercial partnerships.

The Business Connect programme serves as a dynamic matchmaking hub, engaging key decision-makers, government authorities, service providers, and technology innovators from across the Middle East, Africa, and South Asia region. As stakeholders navigate a \$1.3 trillion airport development market across the MEASA region, Airport Show 2025 will spotlight solutions that enhance the passenger experience, streamline operations, and address the aviation sector's net-zero ambitions.

Under the theme “**The Future of Airport Innovation Starts Here,**” the event will also feature two key co-located forums:

- Global Airport Leaders' Forum (GALF)
- Women in Aviation Middle East Conference & Awards

Together, they bring over 70 renowned speakers who will share transformative insights during three days of in-depth discussions and knowledge exchange.

Whether you're looking to scale your business, explore future-ready technologies, or lead the sustainability transition in aviation—Airport Show 2025 is the place to be.

Airport Show has become a key B2B platform for the industry to source requirements, explore trends, and embrace disruptive technologies. Every major airport is aiming for ambitious growth, investments, and innovations

H.H. Sheikh Ahmed bin Saeed Al Maktoum

WOMEN IN AVIATION MIDDLE EAST CONFERENCE AND AWARDS AT AIRPORT SHOW 2025

Organised by:

Hosted by:

The **Women in Aviation Middle East Conference and Awards**, hosted by Airport Show and jointly organised by the Emirates Aviation Association and Women in Aviation Middle East Chapter, is the region's leading platform celebrating female trailblazers and fostering the next generation of aviation professionals. Taking place on May 8, 2025, the event brings together global industry leaders, role models, and hundreds of students aspiring to soar in aviation.

The programme features powerful keynotes, including a visionary talk on how women can lead the next aviation revolution, and panels that tackle pressing industry topics—from the impact of AI and automation on aviation roles, to women's advancement in leadership and the dynamics of power in the sector. Highlights include the inspiring Students Corner and Awards Ceremony honouring exceptional achievements in aviation.

Panels such as "AI, Autonomy & The Human Factor" and "The Leadership Void" challenge conventional thinking and call for real progress in gender equity and innovation. With influential voices from RoyalJet Group, NATS, Air Arabia, UAE GCAA, and more, the conference offers a unique space to inspire, network, and lead change.

Join us on May 8, 2025 at Airport Show for this empowering day of insights and inspiration.
